1. Welcome to NomiStone

1.1 Overview

At NomiStone, we believe creativity has the power to bring people together.

Our workshops are designed to help people slow down, explore their creativity and create something meaningful by hand. Whether you're planning a workplace event, celebrating a special occasion or simply looking for a unique creative experience, every workshop is thoughtfully designed to be welcoming, relaxing and beginner friendly.

Using Jesmonite, an eco-friendly, water-based casting material, participants create contemporary homeware pieces while learning new techniques and enjoying time together.

2. Choose Your NomiStone Experience

2.1 Corporate Workshops

Creative experiences designed for organisations looking to bring teams together through creativity.

Whether you are planning a team-building activity, workplace wellbeing session, employee appreciation event or company celebration, NomiStone workshops provide a unique opportunity for teams to step away from their everyday roles and enjoy a shared creative experience.

2.2 Private Workshops

Tailored creative experiences designed around your special occasion.

Whether you are celebrating a birthday, hen party, baby shower or simply gathering with friends and family, NomiStone private workshops create a relaxed and memorable experience where everyone can make something meaningful together.

2.3 Public Workshops

Relaxed creative sessions hosted at carefully selected venues across the North West.

Perfect for those looking to try something new, spend time with loved ones or enjoy a creative experience in a welcoming environment.

2.4 Find the Right Workshop for You
